

Palmer Township is seriously concerned about the adverse influence that foreclosed properties can have on safety, health, property values and community standards. We have enacted a Property Registration Ordinance which enables us to better manage the negative impact of at-risk properties that have mortgages that are in default, in the process of foreclosure or have been foreclosed upon.

It is our expectation that all parties governed by the Ordinance cooperate in registering these properties as quickly as possible. Therefore, we sincerely ask your cooperation in immediately registering properties that are governed by Palmer Township's Ordinance.

This includes properties in zip code 18045 where:

- You are the Mortgagee of the property
- the property is used as collateral for loans in your Servicing portfolio
- the property is Under your Management

And the property meets these criteria:

- The loan is default
- A Foreclosure action has been filed in the public records
- A property is considered REO (Bank Owned)
